### YOUTH EXCHANGES

In Youth Exchanges supported by Erasmus+, groups of young people from different countries jointly design, prepare and carry out a work programme. It is usually a mix of workshops, debates, role-plays, simulations, outdoor activities. The young people are supported by experienced youth workers and leaders in this. Youth Exchanges allow them to develop competencies, become aware of socially relevant topics, discover new cultures, and strengthen values like solidarity, democracy, etc. Erasmus+ is the European Union's programme for boosting skills and employability through activities organized in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competencies, skills, and employability of young people, promote young people's active participation in society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national, and international level.
